BYU student and Amanecer AI co-founder building AI automation, business systems, and practical software. Background in dental insurance operations, reporting, and accounts receivable.

EXPERIENCE

Co-Founder | Amanecer AI | Aug 2026 - Present

- Co-founded an AI automation and custom software venture for small businesses with my brother.
- Helped scope, build, and deploy a scheduling platform for a mobile anesthesia practice, with role-based access and AI-assisted scheduling for owner review.
- Built scheduled lead research with Trigger.dev, SerpApi, and ClickUp: persistent duplicate checks, a weekly quota, and draft outreach for human review.
- Prototype workflows with the Claude API, MCP integrations, and locally hosted models through Ollama.

Insurance Specialist / Accounts Receivable Manager | Evansmiles Dentistry

Millcreek, UT | Mar 2026 - Present

- Manage billing, claim submission, denial follow-up, and collections across 30+ accounts weekly.
- Built an Excel AR aging dashboard with VBA macros and a Python PDF-to-CSV converter for Dentrux reports.
- Helped reduce outstanding accounts receivable from roughly \$300,000 to \$80,000 through aging review and follow-up.
- Identify recurring billing errors and develop corrective workflows to improve claim accuracy.

SELECTED PROJECTS

Dental claims triage | Next.js, JavaScript, Claude API

Demo that parses CSV/PDF reports into a prioritized worklist with AI-generated follow-up drafts and a deterministic fallback. Synthetic data only. [View source](#).

Lead research automation | TypeScript, Trigger.dev, ClickUp, SerpApi

Scheduled API workflow with business matching, time-zone-aware quotas, and unit tests. [View source](#).

EDUCATION

Brigham Young University | Pre-Business | Expected Apr 2029

GPA: 3.73 / 4.00. Preparing to apply to Information Systems.

Coursework: IS 201, IS 110, ACC 200. Fall 2026: ACC 310 and CS 111.

SKILLS & CERTIFICATIONS

Development: TypeScript, Next.js, Python, SQL, PostgreSQL, Prisma, Git/GitHub

AI & automation: Claude API, MCP, Trigger.dev, Make.com, Ollama, workflow design

Business & data: Excel/VBA, Tableau, Dentrux, accounts receivable, insurance billing

Certifications: Google AI Essentials; Google AI Professional; AI Fluency: Frameworks & Foundations (Anthropic); Claude 101 (Anthropic)

LEADERSHIP & LANGUAGES

Full-time Volunteer Representative | Cochabamba, Bolivia | Jul 2023 - Jul 2025

Led and coached rotating teams of 14-18 volunteers. Developed advanced professional Spanish through two years of immersion, teaching, and presenting.

Stake Youth Leadership Council | Jul 2022 - Jul 2023

Coordinated event logistics and communication; presented feedback to leaders.

Languages: English (native), Spanish (advanced professional). **Award:** Eagle Scout.
